RECEPTION ROOM USE

Here is an opportunity of obtaining not only ethical but also ideal material for use in your patient-education program. One thousand copies of "Your Teeth and Your Life" could easily take care of all your requirements for the next several months. And the cost is only \$40, representing a 20% discount off the regular price.

There are ten two-color charts in "Your Teeth and Your Life" which tell in an easily understood manner the wisdom of periodic dental care and the danger of neglect.

The pamphlet can be used in five different ways: (1) distribution to patients upon dismissal; (2) reception room reading; (3) monthly statement enclosure; (4) distribution during talks before Parent-Teacher groups; (5) enclosure with patient-recall cards. It is wonderfully effective in any of these uses.

The coupon is for your convenience. Order your copies now for immediate delivery.
